WOULD LIKE TO INVITE YOU TO THE GUEST LECTURE:

***AN EURASIAN EMPIRE:  
NEO-EURASIANISM AS GEOSTRATEGIC CULTURE***

Do Russians still keep the idea of “Empire”? What is Neo-Eurasianism? How does Neo-Eurasianism perceive today’s world? What are the objectives for Neo-Eurasianism? These are some of the questions to be addressed in the lecture.

Starting from the imperial tradition of Russia (territorial and political), the lecture will proceed to analyze the vision Neo-Eurasianism makes in the current international state-of-things, in order to unveil which mission, objectives, and modalities of action Neo-Eurasianism propagates.
